Juan,
updating the homeless in our neighborhood
These people are washing dishes middle of the street and washing hairs brushing teeth,
Is this allowed to do on the street? I called the police, they told me then where else they can clean themselves?
Just looks horrible.
Please remove this lady to shelter where she can do all these actives.
These homeless are peeing on the street, smells like pees every time people pass by.
Also, there are other tents on the Westmoreland street between 4th and 5th,
They are blocking the streets so people can not pass by anymore,
they also making loud music and noisy at night time.
Called policy several times but they really can't do anything and no use calling them.
We are suffering tremendously due to these people.

Please do something about them, please

Thank you

██████████

Hi ██████████,

This area is scheduled for service this Thursday the 7th.

Please keep in mind that if it rains the service day will get cancelled.

I will keep you updated if anything changes.

Juan, we have a problem as usual,
But now we have another issue,
since the city covers all the street light pole electric socket, now these people have no place to get the power, they are coming into our building to use the plug to charge their phone and whatever necessary,
If the city allows them to live them to live on the street, you need to let them use city power so they don't come into the resident apartment.
This is just going too far, rats all over and bugs and they have all kinds of trash on the street, cars can not park on the streets anymore.

Do not clean this area anymore, this makes worse, and every time city clean the street, more homeless comes to this area.

Also, they try to move to our area as they clean the street, I don't want that.

Please remove these people from our neighbor before some serious crime arise.

I am leaving a message to Mitchel as well

Thank you

Hi [REDACTED],

I am going through the process of getting this scheduled for another day of service. This was serviced last month, but Im trying to get another day this month.

Juan, please do not send for service to clean up, that job brings more homeless to come to this neighborhood.

I don't want more of them to come to these areas. you need to tell these people to go somewhere else. too many of them on these streets already. You are resolving the issue but creating more issues...
